# Back to the free open and decentralized web!

## *Short introduction to In folio*

Éric Bréhault – Plone Conference 2026

# My first web site in 1993

(probably http://www.enst-bretagne.fr/~brehault/index.html)

# Pure HTML

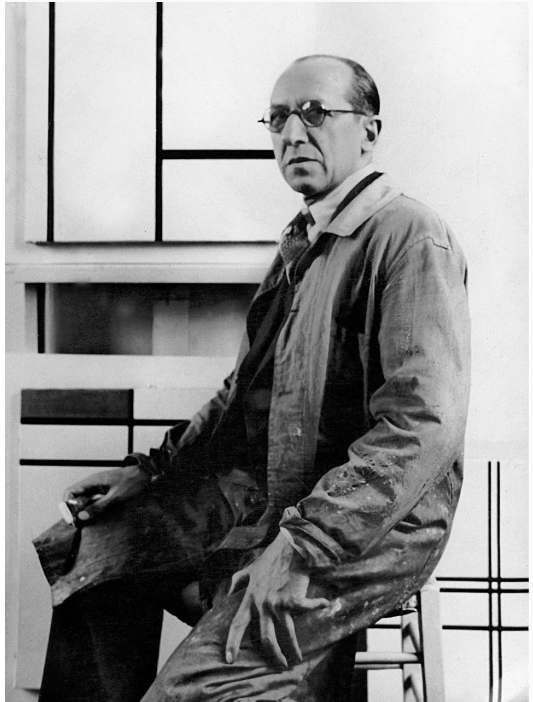

# No style

# Bunch of <hr> and <frameset>

# The World Wide Web

Temporary autonomous zone (Hakim Bey)

# No gate keeper

# A huge technical barrier

# The Web 2.0 promises

~~Tech barrier~~
~~No gate keepers~~

No tech barrier,
but gate keepers!

# The fediverse

# Mastodon

# In Folio

# In Folio

- Login freely with your Mastodon account
- Create web pages, including images or other file assets
- Export everything and import on another instance when needed

# Also…

# Pure HTML

# Minimalist style

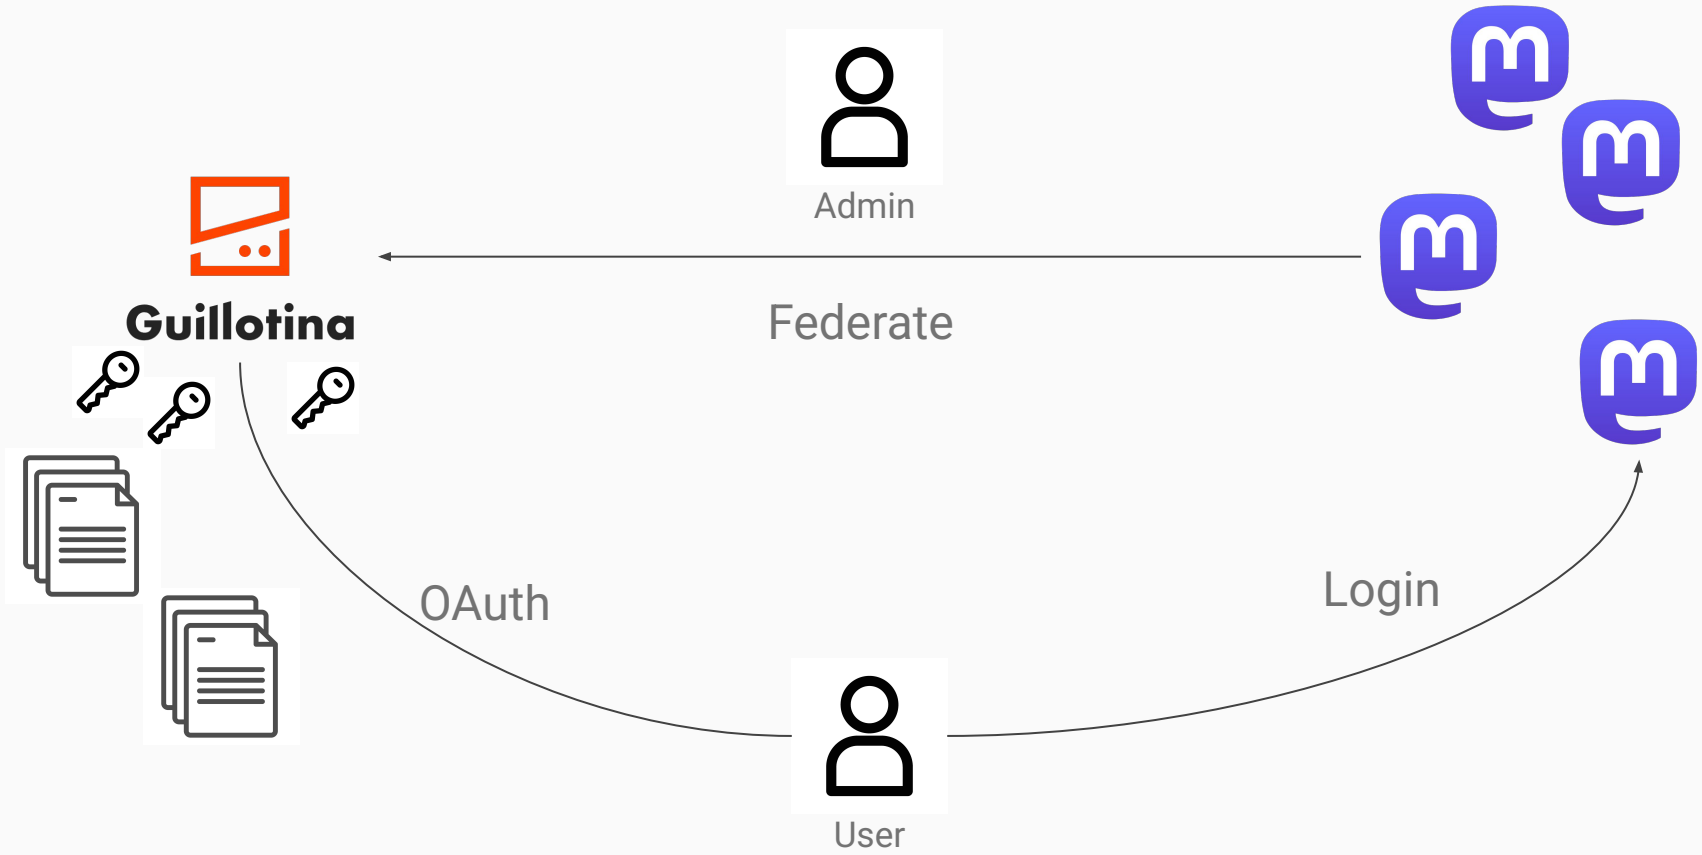

# No <frameset> 😭

# Architecture

# Demo

# Future features

- Admin:
  - Ban a user
  - Set max storage limit
  - Allow federation without creating a local Mastodon account
- Users:
  - Support custom styles
  - Toot a page directly to Mastodon
  - Page nesting

Demo: https://infolio.abfab.dev/editor/

Code: https://codeberg.org/ebrehault/infolio

# Thank you!
