How do you learn how to use a new tool?

AI-assisted guided tours
in Plone 6

Microsoft Word documentation

taken from https://support.microsoft.com/en-us/word/change-the-default-font-in-word

Windows **macOS**

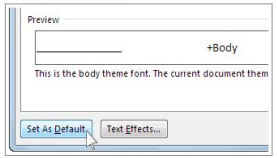

To use your favorite font in Word all the time, set it as the default.

1. Go to **Home**, and then select the Font dialog box launcher at the bottom right corner of the Font group, or press **CTRL+D**.

2. Select the font and size you want to use.

3. Select **Set As Default**.

4. Select one of the following:
   - **This document only?**
   - **All documents based on the Normal template?**

5. Select **OK** twice.

How do I do X again?
Where do I find Y?

Should we abandon manuals?

Introducing Guided Tours

AI-assisted guided tours
in Plone 6

Less writing, more showing

It’s time for a demo
